

**REMARKS**

The above amendments to pages 1 and 99 of the specification involve the correction of a clerical error in the citation of a publication, namely "62-14766" was changed to - 62-12766 --.

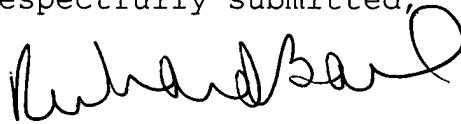

It is respectfully submitted that the error is obvious, because if one of ordinary skill in the art obtained a copy of JP 62-14766, it would be clear that such publication is not relevant to the description of the publication on pages 1 and 99 of the specification. More specifically, page 1 of the specification states that such publication describes 2-(2,4-difluorophenyl)-1,3-bis(1H-1,2,4-triazol-1-yl)-2-propanol(fluconazole). The correction of the error is obvious, because one of ordinary skill in the art could do a computer search of Japanese patent documents to find the correct citation for fluconazole, i.e., JP 62-12766.

In view of the above, entry of the above amendments is respectfully requested.

An INFORMATION DISCLOSURE STATEMENT is being submitted concomitantly herewith, which provides a copy of JP 62-12766.

If the Examiner has any comments, questions, objections or recommendations, the Examiner is invited to telephone the undersigned at the telephone number given below for prompt action.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Richard Barth", written over a horizontal line.
